EXECUTIVE PROFILE

DR. EBONY ORMOND-HAM

DR. EBONY OH®

ENTREPRENEUR • CEO • AUTHOR

Seed Strategist® • Executive Leader •
Multi-Industry Founder

MISSION

Plant seeds. Build legacies.
Create pathways for
transformational success.

Dr. Ebony Ormond-Ham (Dr. Ebony OH®) is a visionary entrepreneur, CEO, and Seed Strategist® who has built and scaled multi-industry enterprises across mental health, education, childcare, construction, hospitality, and community development. As the active Owner, Co-Founder, and Executive Leader of multiple corporations, Dr. OH is recognized for her ability to transform ideas into sustainable businesses, create strategic partnerships, and develop ventures that impact communities.

Her entrepreneurial journey began with the successful self-brokered acquisition, growth, and sale of five mental health outpatient clinics—an achievement that demonstrated her expertise in business development, operational strategy, and value creation. Through her signature Seed Strategy®, Dr. OH has continued to identify opportunities, cultivate partnerships, and build organizations positioned for long-term growth.

TODAY, DR. OH SERVES AS:

Owner & Head of School — Braselton Christian Academy

Leading a private Christian educational institution serving students from preschool through 12th grade, Dr. OH is expanding academic excellence through innovative educational models, including traditional private education and hybrid learning opportunities designed to meet the evolving needs of families.

Founder & Executive Leader — C. Alexander Learning Academy

Through her childcare and early education organization, Dr. OH continues to build high-quality learning environments focused on child development, family support, and preparing the next generation for success.

Founder & CEO — ICRO Enterprise, Inc.

A construction and infrastructure company focused on expanding opportunities within commercial construction and transportation infrastructure. Dr. OH is actively advancing the company's growth through strategic partnerships and major project development, including a recent agreement with one of Georgia's largest General Contractors to pursue expanded highway and commercial infrastructure opportunities.

LEADERSHIP, DEVELOPMENT & LEGACY

Owner — The Garden's Executive Club, Inc.

A premier event and hospitality destination designed to host elevated experiences, leadership gatherings, and legacy-building conversations. Dr. OH is transforming the historic venue into a luxury destination centered around connection, culture, and community.

Founder — Lemons 2 Millions®

A business empowerment platform built around entrepreneurship, resilience, wealth creation, and strategic growth, inspiring entrepreneurs to turn challenges into opportunities.

Beyond her current portfolio, Dr. OH continues to expand her influence through strategic development projects, including negotiations for a residential community development in Stone Mountain, Georgia, designed to contribute to community growth and economic advancement.

Known for her ability to identify opportunities, negotiate high-level partnerships, and execute ambitious visions, Dr. Ebony OH represents the intersection of entrepreneurship, leadership, and impact. Her mission is simple: plant seeds, build legacies, and create pathways for others to achieve transformational success.

IT CAN'T RUN OUT.®

At the center of Dr. Ebony OH's journey is a prophetic declaration that has become synonymous with her life, leadership, and legacy: IT CAN'T RUN OUT.® What began as a personal decree of faith, abundance, and divine provision has evolved into a movement—now expanding beyond business and entrepreneurship into music, film, and entertainment through ICRO Kingdom Music.

For Dr. OH, IT CAN'T RUN OUT is more than a motto; it is the conviction that when the source is God, vision has no ceiling, purpose has no expiration, and what He has ordained cannot be depleted.

Built. Acquired. Scaled. Monetized.
